AID OF NIGHT RIDERS

fty Masked Men Terrify Citi- zens of Dawson Springs, Ky.

UESTS OF HOTEL IN PANIC

dependent Tobacco Buyer Was Threatened With Severe Punish- ment by the Raiders Until He Agreed To Certain Demands.

Louisville, Ky., Jan. 27.—A special the Post from Dawson Springs, y., says:

A band of fifty masked night riders te Friday night took possession of he Arcadia hotel here and after terri- ying the guests by "shooting up" the lace, took John Heath, an indepen- ent tobacco buyer, who was a guest, o a river ner by and upon threats of a ducking" made him promise not to ell any more tobacco.

The riders first tried to force the ight clerk to show them to Mr. Heath's room, but this he declined to do. The men then scattered to all arts of the hotel shooting as they went. The guests, terrified by the iring, rushed from their rooms into the halls only to be frightened back.

Mr. Heath was recognized by the night riders as soon as he appeared. He was quickly seized and, although dressed only in his night shirt, was put on a horse and taken to the river about a mile away, where, after threats of being whipped and thrown into the river, he was forced to prom- ise that he would not sell any more tobacco. He finally found his way back to the hotel and the masked raiders disappeared in the darkness.

THE DRUCE TRIAL.

Celebrated Case Prolific of Sensations. Women Under Perjury Charge.

London, Jan. 27.—The Druce case, which has been so prolific of sensa- tions, Saturday offered still another.

The solicitor for George Hollamby Druce, who claimed to be the son of the duke of Portland, and the latter's dual personality of Thomas Charles Druce, and as such, to be heir to the title and estate, has made public the correspondence he has had with the public prosecutor in which he asks that official to assist him in locating letters offered him by Miss Mary Pe- son ,of New York, but which have fallen into the hands of a man pur- porting to be his representative.

In a letter to George Hollamby Druce, Miss Peterson said she had several letters—written by T. C. Druce to her mother in which Druce referred to himself as the Duke of Portland. George Hollamby Druce sent Miss Paterson money to come to England, but, according to her later letters, a man representing himself as an agent of George Hollamby Druce's solicitor called upon her and got the letters. The solicitor is anxious now to find the letters, as he says they are necessary in the defense of Miss Robinson.

Miss Mary Robinson, said to be an American woman, the daughter of a Southern planter, testified during the progress of the Druce case, that she knew Druce as the Duke of Portland, that Charles Dickens told her that Druce was the Duke of Portland and that Druce himself afterwards confirm- ed the statement. Miss Robinson was arrested Jan. 17 on a warrant charg- ing her with perjury.

New Line Completed.

Kansas City, Mo., Jan. 27.—The Missouri and North Arkansas railroad has finished its new line between Seligman, Ark., and Neosha, Mo. The company has an operating contract for use of the Kansas City Southern tracks between Neosha and Joplin. Train service will be established be- tween Joplin and Leslie, Ark., Febru- ary 15, 1908.

Well Known Horseman Dead.

Charlottesville, Va., Jan. 27.—Frances Trevelyn, one of the best known writers on racing in the coun- try, and for some years racing judge at the western tracks and at New Or- leans, died Friday night at "Forest Lodge," near Charlottesville, of goat, after an illness of several months.

SUICIDE EPIDEMIC REIGNS.

Several Tragic Occurrences Are Re- ported from the National Capital.

Washington, Jan. 27.—Two sui- cides, an accidental asphyxiation and an unsuccessful attempt at self-de- struction occurred in Washington on Friday.

In the early morning Mrs. Daisy M. Wagner, wife of Howard G. Wagner, formerly a photographic sup- ply dealer, and an agent for an au- tomobile house, was found partly cov- ered with snow and with a bullet hole in her head, on a roadway near the zoological park. A pistol was found at the side of the dead woman.

Mr. Wagner had told a friend that if his wife should commit suicide, he would follow her in the same way; and when informed of her death, he attempted to jump from the fifth story of the apartment house in which he was visiting, but was overpowered.

Some time between midnight and 6 o'clock Friday morning, Mrs. Geor- giana Harley, who keeps a boarding house, turned on a gas jet in her room, and when discovered by a ser- vant, was so near death that attempts at resuscitation were futile. No cause for her act is known.

Thomas Rowe, an iron worker, was found in an unconscious condition in his room in a boarding house. He was taken to a hospital, it is supposed he accidentally turned on the gas.

U S. RANKED SECOND.

Only England Outstripped Us in Total Tonnage of Ships Constructed.

New York, Jan. 27.—The ship building summary for 1907 compiled by the Shipping World, shows that the United States ranks second for the year in the total tonnage of ships constructed, only England having out- stripped this country.

The summary shows that the total ship construction in the United States last year reached 488,059 tons, which is 195,986 tons greater than the output of the German yards for the same period, Germany standing third in 1907 among the maritime nations in construction.

Great Britain, which stands first on the list, has to her credit a tonnage of 1,675,121, tons of new ships, this figure including such great ships as the new Cunarders Lusitania and Mau- retania. This is nevertheless a de- crease from the total tonnage of the output of the British yards in 1906.

France and Japan are about tied in the total tonnage of construction; the first named having a total tonnage of 109,622 and the last named 122,095.

Aoki Welcomed Home.

Tokio, Jan. 27—Viscount Aoki, ex- ambassador to the United States, has arrived here. Viscount Hayashi, for- eign minister, early sent a representa- tive to Yokohama to receive him. At the Shimbashi railroad station in this city he was met by Baron Chinda, of the foreign office, by many officials of the diplomatic service and numer- ous friends who extended to him a cor- dial welcome home.

First Shipment Through Canal.

Houston, Tex., Jan. 27.—The first shipment through the Sabine Lake ca- nal, the last cut in which was made by the government Friday, was of ex- port lumber for England by a lumber company of Orange, Tex. Congress has expended $536,300 on this canal. It is fifteen miles long, connecting the Sabine and Neches rivers. Dredg- ing began Jan. 11, 1906.

Florida Truck Farms Damaged.

Pensacola, Fla., Jan. 27.—The cold- est weather experienced in Pensacola since December, 1906, was that of Friday when the temperature went as low as 28 degrees. The cold wave has struck many points along the gulf coast. Much damage has been done to early crops and gardens, especial- ly those of truck farmers in this part of Florida.

Detective on Hot Trail.

Columbus, Ga., Jan. 27.—Will Col- lier, negro, was brought to Columbus Saturday morning by Sheriff McDan- iel, of Talbot county, on the charge of passing counterfeit clearing house cer- tificates. Important developments in the case may occur any moment and additional arrests be made. Detectives are hot on the trail.

CHARGE OF FORGERY

Man Is Tracked Through Many States by Pinkertons.

HIS VERY CROOKED CAREER

While His Private Yacht Was Lying in Midstream Off Mayport, Fla., It Was Boarded by Officers and Arrest Made.

Jacksonville, Fla., Jan. 27—Track- ed through many states and sailing under many different names, T. Nord- strom, a former bank clerk of Astoria, Oreg., was captured at Mayport on Thursday night. He is wanted at Chicago, where, posing as the repre- sentative of F. A. Cole & Sons, the wealthy wholesale grocers of his home city, he is alleged to have forged the name of J. Roy Bennett, cashier of the Astoria Bank, and cashed a draft for $15,000 at the First Nation- al Bank.

From Chicago Nordstrom fled and continued his crooked dealings in many cities throughout the United States. During all of his operations since the Chicago forgery he has been closely followed by J. H. Walker, a Pinkerton detective from the Cincin- nati office of this great firm.

Captured on Private Yacht.

It was Walker who located the man near this city and planned his capture when his private yacht Kathryn was boarded as she lay in midstream off Mayport by a party of officers. Nord- strom was taken from his bunk and brought to this city. From Chicago, where he was C. A. Cole, Nordstrom appeared in various cities under other names. At San Francisco, where he was tracked, he operated under the name of B. F. Vavanaugh. Under this name also he carried on crooked deals at Galveston, Tex., and at New Orleans, La. From New Orleans he was followed to Brunswick, Ga., where he had dealings with the Bruns- wick Bank and Trust company as F. M. Wood. The forgery of the draft on the Chicago bank was committed on Dec. 3 last.

From that time until December 13 Nordstrom was followed over miles of territory, and finally traced to Bruns- wick, Ga.

Lived in Luxury at Brunswick.

Here he lived in luxury for a time and purchased from Frank D. Aiken, president of the Brunswick Bank and Trust company, the yacht, aboard which he was beginning a world tour when captured. From Brunswick he came to Jacksonville, Fla., aboard the boat, whose name was changed from "Lucille" to "Katharyn."

On the return trip Nordstrom was positively identified as the man want- ed for the big forgery by photographic pictures in the possession of Pinker- ton Detective Walker and by the fact that his right hand is badly disfigured. The first finger is misshapen as the result of some accident, and the sec- ond finger is cut off at the second joint.

When he saw that to deny his iden- tity would gain him nothing, Nord- strom admitted his guilt and said he would submit peacefully.

ASSOCIATION FORMED.

Object is to Control Stock Theatrical Business of West.

Los Angeles, Calif., Jan. 27.—An association of the theatrical managers who propose to control the stock theat- rical business of the entire west, was formed here. It was admitted that competition for actors and actresses who have attained popularity in Pa- cific coast cities would be materially lessened and it was predicted that the managers of the various houses in the large cities would in the future main- tain a more friendly alliance.

The cities represented in the asso- ciation include Denver, Spokane, Port- land, Sacramento, Oakland, San Fran- cisco, Los Angeles and Santiago.

Death Sentences Commuted.

Nashville, Tenn., Jan. 27.—Gover- nor Patterson has commuted to life imprisonment the death sentences of Bob Henderson and Dave Sherman, negroes, sentenced to hang at Athens, Tenn., next Monday. They were convicted of killing a white man.

AS PENSIONER GEORGIA LEADS.

Does More Than Any State for Her Confederate Veterans.

Atlanta, Jan. 27.—Georgia has long enjoyed the distinction of having pro- vided more liberally for its confeder- ate veterans and their widows than any other of her sister southern states and this claim is well supported by the figures which appear in the annual re- port of Pension Commissioner J. W. Lindsey for the year ending Decem- ber 31, 1907.

It is shown in the report that there has been disbursed to confederate pen- sioners, from 1879 to the end of the past year, the sum of $11,208,011.55.

The pension roll for the year 1879 carried $70,580, and in 1907 it amount- ed to $932,685. For the year 1908, it is estimated that $950,000 will be paid out to pensioners, and that this amount will be annually decreased, the death rate exceeding the number of pensioners who may be added after this year.

Pensioners of all classes amounted to 15,298 in 1906, and in 1907 the number had grown to 16,713, but this was decreased by 1,006 deaths, leav- ing an increase of 409 over the num- ber of pensioners on the rolls for the year 1906.

FIRE SWEEPS CAROLINA TOWN.

Entire Business Section and Many Residences Were Destroyed.

Columbia, S. C., Jan. 27.—The en- tire business section and many fine residences were destroyed by fire at Bennettsville Friday morning. The total estimated loss is over $100,000.

The fire started in the Skye Hotel. A high wind fanned the flames until the entire block was in ashes. The town was without fire fighting appara tus.

President J. J. Heckart, of the Rennettsville and Cheraw Railway company, was sleeping in the Skye hotel, where the fire originated, and broke his leg in jumping from the second story. One of the residences destroyed was that of Judge J. H. Hudson, president of the South Caro- lina Bar association.

UNITED MINE WORKERS.

Patrick Dolan, of Pittsburg District, Turned Down by Delegates.

Indianapolis, Ind., Jan. 27.—The delegates to the convention of the United States Mine Workers of Amer- ica by unanimous vote Saturday re- fused to seat Pat Dolan of Reading, Pa., former president of the miners of the Pittsburg district.

The report of the credentials com- mittee made no recommendation and the whole matter was laid on the table without a dissenting vote. President Mitchell called for the report of the resolutions committee. Most of the resolutions reported on were of minor importance. The convention invited Secretary-Treasurer Haywood of the Western Federation of Miners to ad- dress it Monday.

TREASURE SEEKERS' ILL LUCK.

More Disasters Attend Search for Lost Gold in Mexico.

San Francisco, Calif., Jan. 27.—More disaster has attended the efforts of C. R. Johnson, of Boston, to recov- er the gold lost on the beach at Man- zanillo, Mex., in 1862, by the burning of the old Pacific Mail side-wheeler, the Golden Gate. A letter received here Friday states that two men were drowned and one killed by a blow from a large timber during a storm at Man- zanillo some days ago.

In the same storm a gasoline launch that had been sent down from this city by Johnson to assist in the opera- tions, was sunk.

Louisville Broker Suicides.

Louisville, Ky., Jan. 27.—Jos. C. Bloch, senior member of the whisky brokerage firm of Bloch Bros., shot and killed himself in his office here on Saturday. His friends say he has been ill of nervous prostration for some time.

Train Strikes a Wagon.

West Joint, Ga., Jan. 27—The wag- on of G. A. Freeman and G. Wilson, was knocked from the track by a northbound freight train near here. Both mules were killed, the wagon torn to splinters and the occupants injured. Both will recover.

MANY ARE HOMELESS

Mysterious Explosion Starts Dis- astrous Blaze.

LOSS WILL EXCEED $100,000

Two Blocks in Heart of Business Sec- tion Were Burned—People Fled in Night Clothes and Suffered Intense- ly from the Bitter Cold.

Madison, Wis., Jan. 27.—A mys- terious explosion in a hard coal stove early Saturday morning started a fire which destroyed the greater part of two blocks in the heart of the busi- ness section of Madison.

The loss will exceed $100,000.

Many persons are left homeless and without food and some in their night clothes suffered intensely from the se- vere cold in trying to save contents of stores and residences.

DYNAMITE BOMBS

Exploded in Front of Homes of Prohi- bition Advocates at Girard.

Columbus, Ga., Jan. 27.—Feeling between the members of the Law and Order League at Girard, Ala., and per- sons opposed to the prohibition laws, reached its height Friday night when dynamite bombs were exploded in front of the residences of C. T. Gif- ford, president of the league, and two Girard ministers active in the league. No damage was done to persons or property.

The explosion followed the arrest of six men, three whites and three ne- groes, for violating the prohibition laws. The Law and Order League swore out eleven warrants on infor- mation secured by a detective who says he got so close to the whisky vendors that one of them offered to take him into the business as a part- ner.

So much feeling was engendered against the Law and Order League that the officers were moved to is- sue a statement, in which they hold that the resentment against the organ- ization is unwarranted.

Girard is just across the river from Columbus, Ga., and the heavy explo- sions were heard here.

"BLACK HAND" LETTER.

Wealthy Denver Man Received One Demanding Sum of $15,000.

Denver, Colo., Jan. 27.—Edward Chase, one of the wealthiest men in Denver, received in his mail Thursday a letter from the "black hand" de- manding that he deliver Friday night the sum of $15,000 to a man who would meet him at the corner of Fif- teenth and Blake streets and who would make himself known to Chase by taking off his hat and holding it against his left breast.

At the appointed hour Chief of Po- lice Delaney and several detectives secreted themselves in the vicinity of Fifteenth and Blake streets, but the mysterious author of the letter did not appear.

Bank Cashier Suicides.

Ellinwood, Kans., Jan. 27.—W. Lee Bockmohle, cashier of the suspend- ed Bank of Ellinwood, at Ellinwood, Kans., under bond for making false statements of the bank's condition in December, shot and killed himself at his home just after his bondsmen had informed him that they had surren- dered him to the sheriff. As the bondsmen reached the front of Bock- mohle's yard he called out "wait a minute." They turned and saw Bock- mohle shoot himself in the head with a pistol and fall dead on the porch. The Bank of Ellinwood was founded twenty-three years ago by Bock- mohle's father, now dead, and was un- til lately regarded as a strong in- stitution.

Woman Burned to Death.

Selma, Ala., Jan. 27.—Mrs. Adele Mikre was burned to death here Fri- day. Her clothing caught fire from an open grate, and she ran into the yard a burning mass, and neighbors wrapped her in blankets. Later it was discovered that her clothing un- der the blankets was still on fire, and she died in intense agony.

NEWS OF CITY AND COUNTY CONDENSED

J. H. Blackwell, son, James, and daughters, Mrs. J. W. Butler, and Misses Lillie and Jessie Blackwell, were in the city from Fairbanks yesterday.

Special Agent Rhoades of the Southern Express Company left Sunday for Waycross and other points on official business. Mr. Rhoades, together with the local officials, is giving the public a fine service, which is appreciated.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's Regulets act gently and cure constipation. 25 cents. Ask your druggist.

A. E. Wittstock has returned from Jacksonville, where he has been for the past few days. Mr. Wittstock, who is a contractor, has been figuring on several big "jobs." Mr. Wittstock recently finished a fine building for T. V. Porter in that city.

Major Geo. M. Bailey of Uniontown, Pa., who is among the party of hunters at Palmer, spent Sunday in this city as a guest of his friend, Dr. Herzog. The Major reports his party all well and having a good time, though game is not as plentiful as in former years.

Chas. Holstein, the clever young son of Mr. and Mrs. H. P. Holstein, who had the misfortune a few days ago to have his foot severely cut on a piece of glass, and who has suffered considerably from the effects of this wound, is out again, and will soon be enabled to resume his studies at school.

Prof. E. L. Price, principal of the Hague school, was in the city yesterday. Prof. Price states that the school is progressing nicely, and that the attendance is very good on an average. The students are manifesting a great deal of interest in their work, and the close of the term will be one of which the principal and patrons will be proud.

F. J. Hammond, the merchant of Hawthorn, was a business visitor to this city yesterday. Mr. Hammond recently had the misfortune to lose his store and stock by fire, but with commendable energy he at once secured another place and re-established his business, which has grown to be one of the largest and most profitable in the East End.

Mrs. John Millican of Parrish, who has been here on a visit to Mrs. H. P. Holstein for the past few days, has gone to Graham, where she will spend a short time with her parents, Mr. and Mrs. Chas. M. McKinney, before returning to her home. As Miss McKinney Mrs. Millican was quite popular in this section, where she has resided for many years.

Miss Rosabel Pedrick left yesterday for Spartanburg, S. C., where she will attend Converse College, one of the most widely known educational institutions in the South. She was accompanied as far as Jacksonville by her father, C. C. Pedrick. Miss Pedrick's young friends here will miss her very much, but wish her much success in her studies.

Miss Lila Frasier, the efficient and popular teacher of the Arredondo school, after spending Sunday pleasantly with her parents at Alachua, passed through the city yesterday en route to her duties. Friends of Miss Frasier will be glad to learn that her condition is greatly improved. She was quite ill for several weeks, having been confined at the hospital in this city.

J. B. Keith of Wilcox was among those who spent yesterday in this city. Mr. Keith was for several years engaged in the phosphate business at Dutton, later moving to Wilcox. He has decided to leave this section, however, and will leave in a short time for Southwest Texas, where he has a brother, T. F. Keith, in the prospecting business. Mr. Keith's postoffice will be Llano, Texas.

W. B. Higdon has returned from Jacksonville, where he has been for the past few days on a visit to relatives and attending the Masonic Grand Lodge functions, including the laying of the cornerstone of the new temple. During his absence Mr. Higdon also "submitted" to taking the degree of the Shriners in Masonry, and declares, while he feels a little sore, he has no regrets to make. He says the Shriners are "the finest yet."

County Tax Collector W. D. Dickinson and Assessor W. W. Colson, after spending a day or two at home, left yesterday for the East End on their last round of the county an official work. They have enjoyed a most remarkable success. In every section of the county they have found the people in good condition, and are highest in praise of the farmers, who have made fine crops and killed lots of hogs. The smoke-houses and cribs are full, and the people are happy.

The Gainesville Tailoring Company, J. Bloxham Dell, proprietor, has opened for business on Wall street, next door to Robt. Ayers' drug store, and are prepared to do all classes of altering, dyeing, cleaning and pressing, and will at all times have a full and complete line of samples from which to take orders for clothing for both men and ladies—ladies' dress goods a specialty; ladies' parlor in connection. A tailor has been employed and will be prepared to turn out your work promptly and guarantee a perfect fit.

T. F. Davis, a well-known and successful trucker of Rocky Point, was trading in the city yesterday. Mr. Davis states that the crops at Rocky Point worth saving were protected from the recent cold. The only damage was to lettuce, and the market price on that product has been so low recently that it may really be construed as a blessing that the same was destroyed. The lettuce shipments have not only proved a loss to the grower as a production, but in many instances they have been compelled to send a check to pay the freight.

Prominent West Virginian Dead.

Fairmont, W. Va., Jan. 27.—Chas. E. Conway, forty-three years of age, founder of the Buchannan and Northern and Fairmont and Southern railroad companies, and one of the largest independent coal operators of West Virginia, died Saturday of appendicitis. He was one of the richest men in the state of West Virginia.

THE COME AND SEE SIGN

This sign is permanently attached to the front of the main building of the Lydia E. Pinkham Medicine Company, Lynn, Mass.

What Does This Sign Mean?

It means that public inspection of the Laboratory and methods of doing business is honestly desired. It means that there is nothing about the business which is not "open and aboveboard."

It means that a permanent invitation is extended to anyone to come and verify any and all statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound.

Is it a purely vegetable compound made from roots and herbs — without drugs?

Come and See.

Do the women of America continually use as much of it as we are told?

Come and See.

Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick woman are asked to write?

Come and See.

Is the vast private correspondence with sick women conducted by women only, and are the letters kept strictly confidential?

Come and See.

Have they really got letters from over one million, one hundred thousand women correspondents?

Come and See.

Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women?

Come and See.

This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it; but the poor doubting, suffering woman must, for her own sake, be taught confidence, for she also might just as well regain her health.

CARRIE NATION IN POLK.

Came Very Near Being Put Out of Business.

The redoubtable Carrie Nation, of hatchet fame, passed through Lakeland Tuesday night en route for Tampa. Her visit to the State was quite unexpected, as she came unhearalded. She is at present visiting friends at Bradentown, and she expects to remain in the State several weeks, working for the cause of prohibition.

A Lakeland gentleman who came down on the same train that conveyed Mrs. Nation tells an incident of the trip illustrative of this good lady's remarkable methods of winning people over to her way of thinking. Passing through the smoker to the day-coach she noticed a massave Arcadia Cracker with a cigar in his mouth. The man was bending forward, wiping his hands with a handkerchief, and the first intimation he had of the lady's presence was when someone struck the cigar a blow that sent it flying across the car, exclaiming, "Take that nasty thing out of your mouth, and quit that disgusting habit," or words to that effect.

The rich, Southern blood of the Arcadian rose to the occasion, and without stopping to "consider the source," he drew back a mighty fist to annihilate his would-be reformer—sometimes called a "butt-in." A companion hastily interfered: "Don't strike, John! It's a woman."

John paused, fist in air. "Well, by —gum (this is not the word John used, but it will serve here); so she be! If ye hadn't been a woman, I'd a stomped ye to the floor!"

Mrs. Nation decided to allow the Cracker to smoke the pipe of peace in peace and hastily retreated to another car.—Lakeland News.

MYSTERY OF HEADLESS WOMAN.

Chicago Police Believe They Will Soon Unravel Supposed Crime.

Chicago, Jan. 25—One of the strangest mysteries in years, that of the "headless woman," whose body was found in lake Michigan at the foot of Sixth street, last Monday, is probably on the verge of solution.

The police, who have been seeking to learn the identity of the woman as the first step in unraveling the crime which they think has been committed, have reasons for thinking the woman is Miss Jennie Fleschmann, formerly a stenographer for "Tip" O'Neill, president of the Western Baseball League.

Miss Fleschmann has not been seen by her friends since last October. She often spoke of her mother, saying that she lived in New Orleans.

OFF ON A HUNT.

heriff Fennell of This City and Friends from the East After Deer.

Sheriff L. W. Fennell of this city, who is one of the most enthusiastic and ambitious hunters in the State, has gone with his brother, John Fennell, of Melrose, and other friends, to the swamps of the Ocklawaha river, where they expect to make a big "haul" within the next two or three days.

Sheriff Fennell stated on the occasion of his last trip that he believed there was plenty of deer and bear in that section, but for some reason the party with which he was associated seemed unable to get them. With this feeling of confidence he returned to the grounds, and feels sure this time there will be "something doing."

Junie Sanderson Married.

Information has just reached this city of the marriage of Junie Sanderson, which occurred at San Francisco, Cal., on a recent date.

Mr. Sanderson is a Gainesville boy, and is well known here. For some time he was employed by The Sun, and has held other responsible positions with credit to himself. His friends here will extend the sincerest congratulations.

COMPLIMENT TO DR. ROGERS.

Elected for the Second Term at President Baptist Association.

Friends of Rev. S. B. Rogers in this city and elsewhere feel good over the compliment paid him at the election of officers for the ensuing year at the State Baptist Convention, which has been in session in Plant City for the past few days.

Dr. Rogers has served the association faithfully for the past year as its president, and so well pleased was the association that he was unanimously re-elected "to try his hand over" for another year.

Dr. Rogers is one of the most eloquent and most earnest of the Baptist preachers of the State, and his colleagues appreciate his services and his ability.

IN THE MAYOR'S COURT.

Marshal Arnow Had Big Haul on Crap Shooters Monday.

There was an interesting session of the Mayor's Court Monday afternoon, when Will Hughes, H. Moyers, Peter Brown, Sam Watts and John Gaines, professional "crap shooters," were arraigned, and fined from $2.50 to $10 and costs each. They were arrested by Marshal Arnow Monday morning.

John Daniels was a member of the "gang," but made his escape over a roof, making a "drop," it is said, of about fifteen feet onto a shed, and getting out through a hallway.

Prof. Hemstreet, the Hypnotist.

Prof. Hemstreet who appeared before a fair-sized audience last night at the opera house, made a decided hit with those present.

The demonstration of this strange art by the Professor was very interesting and showed plainly the superiority of mind over matter. A number of local gentlemen were invited upon the stage and were soon in a trance and then the fun began, and it was one roar of laughter until the close of the entertainment.

Prof. Hemstreet is a gentleman, and his performance is clean and very entertaining. He will be at the opera house again tonight, and our people should not miss seeing what is indeed a wonderful exhibition.

Baraca-Philathea Entertainment.

On last Friday evening a very delightful entertainment was given by the union Baraca and Philathea classes of the Methodist and Baptist churches at the Seminary building. The members were very pleasantly received by Misses Fennell and DaCosta, and Mr. Carlisle.

The program of the evening consisted of a piano duet by Misses Fennell and Pound; vocal solos by Miss Mary DaCosta and Miss Bennett; a comical monologue by Mr. Dayton, and informal talks by Messrs. Pepper and Macy.

After the program refreshments consisting of sandwiches, pickels, olives, cakes, fudge and punch were served.

It is needless to say that the evening was greatly enjoyed by all present.

A GUEST.

Will Make Improvements.

The managers of The Dutton Bank contemplate making some extensive interior improvements in a short time, and with this end in view they are having the stairway leading to the second floor of their building transferred to a point between that building and the United States land office, which will afford more room in the interior of the bank building for improvements.

The stairway now being erected will be of steel, and will lead to a bridgeway running from the land office to the bank building, and which the plans provide will be used by the occupants of both buildings.

The Mothers' Meeting.

The mothers' meeting of the W. C. T. U. was held at the residence of Mrs. T. F. Thomas, 500 West Main street N., Monday afternoon, and was well attended, several mothers, with their little children, and others, being present.

The program consisted of literary and musical numbers, after which delicious refreshments, through the generosity of Mrs. Thomas, were served.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

JONESVILLE JOTTINGS.

Jonesville, Jan. 27.—H. A. Pickett has returned home, after a pleasant visit to his daughter, Mrs. J. R. Fowler, of Greenville.

The many friends of Mrs. Miller and daughter, Elsie, and Mrs. H. A. Pickett, will regret to hear that they are very ill with la grippe.

C. W. Griffin of Jacksonville visited friends and relatives here last week.

J. W. Miller of Newberry visited his parents here Sunday.

Mrs. N. E. Andrews and little son, and Mrs. Warden of Tioga, visited at the home of Mrs. W. J. Hamilton here last week.

The little infant son of Mr. and Mrs. W. W. Spires was laid to rest in Jonesville cemetery last Wednesday. Their many friends sympathize with them in their bereavement.

There will be a hog supper at Mrs. Hamilton's on Friday evening, January 31st. It is given for the benefit of Jonesville church. All are invited to come. You will be as "welcome as the flowers in May."

S. B. McGill of Colee was here on "business" last week.

W. J. Hamilton of Newberry visited here Monday.

Some of our good folks are taking advantage of this cold weather, and are having a hog-killing and sausage-stuffing.

Miss Lizzie Griffin attended church in Newberry Sunday. She was badly missed at Sunday school Sunday.

The writer has been silent for about two months and neglected to send in what we Jonesville folks were doing; but let me say that one of our best and jolliest young men, Dixie Jones, slipped over to Wacahoota, December 25th, and claimed as his bride Miss Bradshaw. It was quite a surprise to all Dixie's friends, but we wish them much happiness in their married life.

Rev. Geo. Taylor of High Springs preached at Jonesville Sunday.

Gift to Berea College.

Lexington, Ky., Jan. 27.—From Berea college comes not only confirmation of Andrew Carnegie's gift of $200,000, but a statement of plans. The sum was given by Mr. Carnegie, with a proviso that with a like amount, to be raised by the college, the whole will be used to establish a great industrial school, similar to those at the cities of Hampton and Tuskegee. The plan of location has not yet been decided on.

If the fact that you have something to sell is important, make your advertising of it important.

At any rate, nothing has been heard of Admiral Evans bombarding any South American fishing fleets.

From the evidence up to date it looks as though the Thaw family had done its share in keeping the insane asylums in a job.

Booker Washington makes it plain that Tuskegee has one thing in common with other educational institutions—it needs the money.

Army officers who survive the riding test can look forward in a few years to being given optional trials on dirigible baloons and aeroplanes.

Paris papers that are thirsting for gore can lay aside their American-Japanese war scare for awhile and turn their attention to Morocco.

Russian dispatches to the effect that the Navy Department grafters there had stolen a whole fleet of torpedo boats would indicate that they are a pretty swift lot at any rate.

If the prospective cost of the Panama Canal is going to jump $100,000,000 with each fresh estimate, it might be a good thing for them to stop estimating and confine themselves to digging.

A better place to live, at same rent-cost—or as good a place at less rent-cost—or twice as good a place at a small increase in rent-cost—either of these things are possible if you watch the want ads.

There will be some economy in appointing Governor Magoon Secretary of War after Mr. Taft gets out. The two are near enough of the size for Governor Magoon to use the Taft chair without having it upholstered.

Marion is now the only county in the interior of Florida in which the sale of whiskey is licensed. Being in the center of the State and having good transportation facilities, the liquor dealers ought to reap a rich harvest.

Mr. Hughes keeps on minding his own business as Governor of New York, just as though he did not care whether he was ever President of the United States or not. Possibly this is a new way of playing politics. And then again, possibly it is honesty. We see so little of that in politics that it is hard to recognize.

Hon. Dannitte H. Mays of Monticello, who was speaker of the House of Representatives of the Florida Legislature in 1897 and a candidate for Governor in 1904, has announced his candidacy for Congress from the third district to succeed Hon. W. B. Lamar, who desires promotion to the Senate. Dannitte Mays is one of the best men in Florida and will prove an important factor in the Congressional race in the third district.

A PITIFUL CONFESSION.

It is rather a pitiful confession for the Government to have to make, but it is explained by the Navy Department that the reason there are not oil-burning boats in the navy is because the Government is afraid of the Standard Oil Company. Perhaps it is a wholesome fear, but it is a remarkable confession for the Government to have to make.

For three or four years past the Navy Department has been studying the problem of oil-burning boats, and for a year there have been extensive tests made with the smaller craft. The tests showed what observation of the British experiments already indicated, that oil is a better fuel than coal. There has been much done with oil burners in the British navy. Many of the torpedo boats and destroyers have been fitted with liquid fuel apparatus. Some even of the larger cruisers have used it. It has been demonstrated that oil is easier to trans-ship at sea than coal, that in the same space more fuel can be stored, giving the boat an increased steaming radius, and that it is easier to handle and reduces the number of the crew that must be carried. The British navy has such a big flotilla of torpedo boats that it has found it pays to put in its own tank steamers and establish oil depots over the world just as it has coaling stations, so that now a British naval vessel burning oil fuel can go from England to the China station and find fuel supplies all the way. But this is impossible for the American Navy. It is explained that the Navy Department would have to purchase its liquid fuel from the Standard Oil Company and that it is impossible for the Government to put itself in the position of being at the mercy of one corporation for its sinews of war. The Standard Oil Company, on the other hand, does not care particularly about selling liquid fuel to the navy. It means selling crude or almost crude oil, and the Standard can make more money out of refining oil than it can selling it crude. Rather a pity of course that we cannot have the best that is going in naval construction, but there is the situation. The Government is helpless.

The presence of such a large aggregation of colored ministers from every section which have been gathered together here at the conference of the A. M. E. Church, assumes the nature of an object lesson to the more shiftless brother of the negro race. These men, in the majority of cases, have labored arduously in an effort to reform and elevate the lower element of their race, and if their advice was heeded there would be need for fewer jails and penitentiaries. Education is the backbone of virtue and character, and until the negro decides to educate himself he can look for and expect but little. Those negroes who, through high ambition, have become educated and are trying to turn their race from the downward road, deserve credit, and the better element of white people are willing to assist them.

Hon. John W. Denham, at one time member of the Legislature from Marion county, died in Monticello on the 23rd inst. Mr. Denham was for several years publisher of The Key West Citizen, afterwards publishing a paper at Pensacola, but for the past four years has been employed in the pension department in the Comptroller's office at Tallahassee. He was a brother of Capt. W. B. Denham, formerly superintendent of the Florida Southern Railway, and now general manager of the Tampa Northern.

Some enterprising medical college ought to give a post-graduate course in navigation for the benefit of prospective contract naval surgeons.

The death of Hon. R. H. M. Davidson of Quincy is universally regretted. It was the pleasure of the writer to have known him since the early seventies, when he was a power against the black phalanx in Florida. In 1876 Col. Davidson was nominated and elected on the Democratic ticket as a member of Congress from what was then the first district of Florida, defeating the notorious W. J. Purman of Monticello. There was never a more affable, courteous gentleman in the State than Col. Davidson, and he was a power for good when the white element of Florida needed the services of such men during the seventies. He represented the first district in Congress for seven consecutive terms—14 years.

Col. Bryan made a mistake in going to Kentucky in behalf of Governor Beckham's candidacy for the United States Senate. The Democrats of Kentucky are badly split, and those of the party who are opposed to Beckham will "get back" at the Colonel should he be nominated for President. The Beckham ring in Kentucky has done more to disrupt the Democratic party in that State than all other influences combined. He was not fairly nominated in the primary, and many of the leading Democrats of the State will resort to any fair means to defeat him.

Don't try to be "funny" in your correspondence to The Sun. Your friend may not enjoy the joke, and the three thousand other readers of the paper who are not "on" will not understand what you are "driving" at. Write on only one side of the paper and sign your name, otherwise the article will be consigned to the waste basket.

There is one compensating advantage: If Henry Watterson goes to the Senate he will do a lot to make The Congressional Record a readable publication.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

BALLARD'S HOREHOUND SYRUP

PERMANENTLY CURES
COUGHS, COLDS, BRONCHITIS, ASTHMA, SORE THROAT, HOARSENESS, WHOOPING COUGH AND CROUP And Prevents CONSUMPTION.

DO NOT DELAY

Until the drain on your system produces permanent disability. The human breathing machinery is a wonderful system of tubes and cells. To have good health it must be kept in good order. A COLD is considered of no importance, yet if it was known by it's proper name of "throat inflammation," or "congestion of the lungs," its dangerous character would be appreciated. When a cold makes its appearance use at once Ballard's Horehound Syrup which will speedily overcome it.
WHOOPING COUGH and CROUP Require Prompt Action. SNOW LINIMENT applied to the throat and chest gives wonderful relief, while Ballard's Horehound Syrup will rapidly stop the violent paroxysms of coughing. IT IS THE ONLY COUGH REMEDY THAT WILL POSITIVELY CURE WHOOPING COUGH AND CROUP.

BEST FOR CHILDREN

Mrs. Maud Adams, Goldthwaite, Tex., writes:—"I have used Ballard's Horehound Syrup and find it the BEST medicine for croup, coughs and colds. My children use it and it is pleasant to take and quickly cures."

SHORT STATE ITEMS

Holton's mill, six miles east of Live Oak, was destroyed by fire, causing a total loss with no insurance. The damage is estimated at $20,000.

Thursday night the railroad shops of the Coast Line at St. Petersburg caught fire and the contents of the same were consumed by the flames.

It is reported that the assessable values of the State will go above $54,000,000, which is an increase of more than $12,000,000 over the returns for 1906.

The Florida Bankers' Association will hold its annual convention at St. Petersburg February 20 and 21. Elaborate preparations are being made in St. Petersburg for the reception and entertainment of the convention.

Frank F. Bird, a negro, was shot and fatally wounded by Policeman Hooks in Jacksonville Friday morning. He, with two other negroes, had broken into the warehouse of the R. D. Knight Company, on the water front.

Pensacola now boasts of an industry that no other city of the South possesses, that of a whiting manufactory, or a chalk refinery. It is the intention of the promoters to supply the entire South and a portion of the West with chalk.

In an interview in The Miami Metropolis Mr. Flagler says that work on the Florida East Coast extension will be rushed to completion, starting from Key West and working towards Knight's Key, in order that travel from Miami to Knight's Key will not be interfered with.

A pamphlet alleging a slight to the Cuban Government which is being circulated in Ybor City is causing some hard feeling among the Cubans. It is claimed in the circular that the Cuban minister at Washington had not been invited to the Tampa State Fair when the other ambassadors were.

Little Leon Brooks, the six-year-old daughter of Sumter Brooks, a merchant of Zuber, was badly burned while standing near a fire in the yard. Her dress caught fire and the clothing on the left side of her person was burned off and the body badly blistered. A negro who was working in the yard rushed into the house and secured a bucket of water and extinguished the flames, when a physician was summoned and the child's injuries were attended to.

G. C. Scudamore, former cashier of the Pensacola Bank and Trust Company, has been arrested on the charge of having embezzled funds of the bank to the sum of $8,000. It is charged that he appropriated the funds of the bank for his own use and purchased stocks and bonds.

Ed Mayers, a negro who was arrested in Port Tampa for larceny, broke jail while being fed dinner. When the jailor brought his meal to him Mayers overpowered him and got into the open, when he soon placed much ground between himself and the officer. He is still at large.

The "pure-milk ordinance" is creating much interest in Pensacola, especially among the dairymen. The ordinance was introduced in the city council about six weeks ago, and was read for the first time and referred to the city board of health and harbor sanitary committee for a report. These boards, after amending the measure, so as to make it more stringent, have recommended its adoption by the council. If this is done no dairyman will be allowed to sell milk in the city who has not a permit from the board of health. Should the inspectors of the city find the milk to be watered, adulterated or impure in any respect, a fine will be imposed and for the second offense the permit will be revoked. Many are in favor of the measure, as it will insure pure milk being furnished residents.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Whole Body Raw with Eczema—Life was Intolerable—Was Even Incased in Plaster—Discharged from Hospitals as Hopeless.

SUFFERED 14 YEARS CURED BY CUTICURA

"From the age of three months until fifteen years old, my son Owen's life was made intolerable by eczema in its worst form. He was all right until a red rash broke out on his forehead, but we were not alarmed at first. Very soon, however, the rash began to spread over his head and shoulders, and it caused him great discomfort. I took him to a doctor and tried half a dozen other treatments, all with the same result: no improvement at all. The disease gradually spread until nearly every part of his body was quite raw. We had to strap him down in bed, for he used to tear himself dreadfully in his sleep. The agony he went through is quite beyond words. No one thought we would rear him. The regimental doctor, a very clever man, pronounced the case hopeless; at least, he said the only hope was that he might, if he lived long enough, outgrow it to some extent. We had him in hospitals four times and he was pronounced one of the worst cases, if not the worst, ever admitted. From each he was discharged as incurable; in fact he got worse under the successive treatments. At one hospital they incased him in plaster, and this seemed to aggravate the soreness terribly. He looked so badly that no one liked to go near him and his life was a burden to him. We kept trying remedy after remedy, but we had got almost past hoping for a cure. Six months ago we purchased a set of Cuticura Soap, Ointment, and Resolvent Pills and persevered with them. The result was truly marvelous and to-day he is perfectly cured, his skin not having a blemish on it anywhere. Mrs. Lily Hedge, 51, Vaughan Road, Coldharbour Lane, Camblewell Green, Eng., Jan. 12, 1907."

CASH SHORTAGE OF $100,000,000.

That Is What County May Be Confronted With Says Tawney.

Washington, Jan. 25.—The urgent deficiency appropriation bill occupied the attention of the house Thursday to the exclusion of all other business.

A surprise was sprung when Chairman Tawney of the appropriations committee warned the members that the country was confronted with the certainty of a $100,000,000 deficit unless the estimates for the next fiscal year should be cut down materially.

The urgent deficiency bill carries a total appropriation of $24,074,450.

Mr. Tawney declared that he deemed it his duty to call attention to the necessity of keeping expenditures within estimated revenues. "I do not make this statement for the purpose of exciting alarm," he said, "or for the purpose of exciting any apprehension in the mind of anyone regarding the ability of our government to meet all of its obligations now existing or that this congress may create."

Continuing, Mr. Tawney said he had been ultra-conservative in his statement of the financial condition of the country.

Replying to a question by Mr. Clark of Missouri, Mr. Tawney made it plain that there would be no new appropriations this session for rivers and harbors or public buildings for he said his calculations did not include them.

TILLMAN SPOKE ON NEGRO.

Senator Advocated Repeal of the Fifteenth Amendment.

Columbia, S. C., Jan. 27.—Senator B. R. Tillman in an address before the general assembly Friday night advocated the repeal of the fifteenth admendment and the encouragement of desirable immigration as a means to offset, as he said, inevitable negro domination in the states in which the blacks predominate.

He said that with the regular education fund of the several states, coupled with that of northern philanthropists, the negro would soon be able to comply with the constitutional requirements of the various southern states and thus govern where they outnumber the whites.

He believed, from primaries in the north and west, that those sections would help the south to repeal the fifteenth amendment.

SCANDAL IN HIS COURT.

Magistrate Paid "Hush" Money, But Nevertheless Newspaper Squealed.

New York, Jan. 27.—Mayor McClellan has asked for the resignation of Magistrate Otto H. Droege, following a scandal as to conditions in the court over which he presides.

The magistrate admitted publicly that he had paid $250 to a newspaper man to suppress a story which, it is alleged, described lax methods in his court.

After consulting a lawyer, the newspaper man accepted the money through a third person, and then published the fact in addition to the original expose of the court methods.

Why

Should your baby suffer? When he is fretful and restless, don't experiment on him and use any old thing your neighbor recommends. Buy a bottle of White's Cream Vermifuge, greatest known worm medicine and cure for children's diseases. It is mild in its action, builds up the system, makes thin, puny babies fat. Mrs. J. C. Smith, Tampa, Fla., writes: "My baby was thin and sickly, could not retain its food and cried all night. I used one bottle of White's Cream Vermifuge and in a few days baby was laughing, happy and well." Sold by W. W. Johnson.

Gould-Harriman War Ended.

San Francisco, Jan. 27.—The Examiner says that E. H. Harriman and George Gould have ended their war over the rival interests of the Southern Pacific and Western Pacific railroads. It is said that under the peace agreement, the two roads will cease fighting each other and that pending law suits will be settled. This arrangement, it is said, was made this week in New York at a meeting between Messrs. Gould and Harriman.

The Joy

Of living is to have good health. Use Herbine and you will have bushels of joy. You need not be blue, fretful and have that bad taste in your mouth. Try a bottle of Herbine, a positive cure for all liver complaints. E. Harrell, Austin, Texas, writes: "I have used Herbine for over a year, and find it a fine regulator. I gladly recommend it as a fine medicine for dyspepsia." For sale by W. W. Johnson.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

A PITIFUL CONFESSION.

It is rather a pitiful confession for the Government to have to make, but it is explained by the Navy Department that the reason there are not oil-burning boats in the navy is because the Government is afraid of the Standard Oil Company. Perhaps it is a wholesome fear, but it is a remarkable confession for the Government to have to make.

For three or four years past the Navy Department has been studying the problem of oil-burning boats, and for a year there have been extensive tests made with the smaller craft. The tests showed what observation of the British experiments already indicated, that oil is a better fuel than coal. There has been much done with oil burners in the British navy. Many of the torpedo boats and destroyers have been fitted with liquid fuel apparatus. Some even of the larger cruisers have used it. It has been demonstrated that oil is easier to trans-ship at sea than coal, that in the same space more fuel can be stored, giving the boat an increased steaming radius, and that it is easier to handle and reduces the number of the crew that must be carried. The British navy has such a big flotilla of torpedo boats that it has found it pays to put in its own tank steamers and establish oil depots over the world just as it has coaling stations, so that now a British naval vessel burning oil fuel can go from England to the China station and find fuel supplies all the way. But this is impossible for the American Navy. It is explained that the Navy Department would have to purchase its liquid fuel from the Standard Oil Company and that it is impossible for the Government to put itself in the position of being at the mercy of one corporation for its sinews of war. The Standard Oil Company, on the other hand, does not care particularly about selling liquid fuel to the navy. It means selling crude or almost crude oil, and the Standard can make more money out of refining oil than it can selling it crude. Rather a pity of course that we cannot have the best that is going in naval construction, but there is the situation. The Government is helpless.

The presence of such a large aggregation of colored ministers from every section which have been gathered together here at the conference of the A. M. E. Church, assumes the nature of an object lesson to the more shiftless brother of the negro race. These men, in the majority of cases, have labored arduously in an effort to reform and elevate the lower element of their race, and if their advice was heeded there would be need for fewer jails and penitentiaries. Education is the backbone of virtue and character, and until the negro decides to educate himself he can look for and expect but little. Those negroes who, through high ambition, have become educated and are trying to turn their race from the downward road, deserve credit, and the better element of white people are willing to assist them.

Hon. John W. Denham, at one time member of the Legislature from Marion county, died in Monticello on the 23rd inst. Mr. Denham was for several years publisher of The Key West Citizen, afterwards publishing a paper at Pensacola, but for the past four years has been employed in the pension department in the Comptroller's office at Tallahassee. He was a brother of Capt. W. B. Denham, formerly superintendent of the Florida Southern Railway, and now general manager of the Tampa Northern.

Some enterprising medical college ought to give a post-graduate course in navigation for the benefit of prospective contract naval surgeons.

The death of Hon. R. H. M. Davidson of Quincy is universally regretted. It was the pleasure of the writer to have known him since the early seventies, when he was a power against the black phalanx in Florida. In 1876 Col. Davidson was nominated and elected on the Democratic ticket as a member of Congress from what was then the first district of Florida, defeating the notorious W. J. Purman of Monticello. There was never a more affable, courteous gentleman in the State than Col. Davidson, and he was a power for good when the white element of Florida needed the services of such men during the seventies. He represented the first district in Congress for seven consecutive terms—14 years.

Col. Bryan made a mistake in going to Kentucky in behalf of Governor Beckham's candidacy for the United States Senate. The Democrats of Kentucky are badly split, and those of the party who are opposed to Beckham will "get back" at the Colonel should he be nominated for President. The Beckham ring in Kentucky has done more to disrupt the Democratic party in that State than all other influences combined. He was not fairly nominated in the primary, and many of the leading Democrats of the State will resort to any fair means to defeat him.

Don't try to be "funny" in your correspondence to The Sun. Your friend may not enjoy the joke, and the three thousand other readers of the paper who are not "on" will not understand what you are "driving" at. Write on only one side of the paper and sign your name, otherwise the article will be consigned to the waste basket.

There is one compensating advantage: If Henry Watterson goes to the Senate he will do a lot to make The Congressional Record a readable publication.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

COUGHS, COLDS, BRONCHITIS, ASTHMA, SORE THROAT, HOARSENESS, WHOOPING COUGH AND CROUP And Prevents CONSUMPTION.

DO NOT DELAY

Until the drain on your system produces permanent disability. The human breathing machinery is a wonderful system of tubes and cells. To have good health it must be kept in good order. A COLD is considered of no importance, yet if it was known by it's proper name of "throat inflammation," or "congestion of the lungs," its dangerous character would be appreciated. When a cold makes its appearance use at once Ballard's Horehound Syrup which will speedily overcome it.
WHOOPING COUGH and CROUP Require Prompt Action. SNOW LINIMENT applied to the throat and chest gives wonderful relief, while Ballard's Horehound Syrup will rapidly stop the violent paroxysms of coughing. IT IS THE ONLY COUGH REMEDY THAT WILL POSITIVELY CURE WHOOPING COUGH AND CROUP.

SHORT STATE ITEMS

Holton's mill, six miles east of Live Oak, was destroyed by fire, causing a total loss with no insurance. The damage is estimated at $20,000.

Thursday night the railroad shops of the Coast Line at St. Petersburg caught fire and the contents of the same were consumed by the flames.

It is reported that the assessable values of the State will go above $4,000,000, which is an increase of more than $12,000,000 over the returns of 1906.

The Florida Bankers' Association will hold its annual convention at St. Petersburg February 20 and 21. Elaborate preparations are being made in St. Petersburg for the reception and entertainment of the convention.

Frank F. Bird, a negro, was shot and fatally wounded by Policeman Hooks in Jacksonville Friday morning. He, with two other negroes, had broken into the warehouse of the R. D. Knight Company, on the water front.

Pensacola now boasts of an industry that no other city of the South possesses, that of a whiting manufactory, or a chalk refinery. It is the intention of the promoters to supply the entire South and a portion of the West with chalk.

In an interview in The Miami Metropolis Mr. Flagler says that work on the Florida East Coast extension will be rushed to completion, starting from Key West and working towards Knight's Key, in order that travel from Miami to Knight's Key will not be interfered with.

A pamphlet alleging a slight to the Cuban Government which is being circulated in Ybor City is causing some hard feeling among the Cubans. It is claimed in the circular that the Cuban minister at Washington had not been invited to the Tampa State Fair when the other ambassadors were.

Little Leon Brooks, the six-year-old daughter of Sumter Brooks, a merchant of Zuber, was badly burned while standing near a fire in the yard. Her dress caught fire and the clothing on the left side of her person was burned off and the body badly blistered. A negro who was working in the yard rushed into the house and secured a bucket of water and extinguished the flames, when a physician was summoned and the child's injuries were attended to.

G. C. Scudamore, former cashier of the Pensacola Bank and Trust Company, has been arrested on the charge of having embezzled funds of the bank to the sum of $8,000. It is charged that he appropriated the funds of the bank for his own use and purchased stocks and bonds.

Ed Mayers, a negro who was arrested in Port Tampa for larceny, broke jail while being fed dinner. When the jailor brought his meal to him Mayers overpowered him and got into the open, when he soon placed much ground between himself and the officer. He is still at large.

The "pure-milk ordinance" is creating much interest in Pensacola, especially among the dairymen. The ordinance was introduced in the city council about six weeks ago, and was read for the first time and referred to the city board of health and harbor sanitary committee for a report. These boards, after amending the measure, so as to make it more stringent, have recommended its adoption by the council. If this is done no dairyman will be allowed to sell milk in the city who has not a permit from the board of health. Should the inspectors of the city find the milk to be watered, adulterated or impure in any respect, a fine will be imposed and for the second offense the permit will be revoked. Many are in favor of the measure, as it will insure pure milk being furnished residents.

PRONOUNCED HIS CASE INCURABLE

Whole Body Raw with Eczema—Life was Intolerable—Was Even Incased in Plaster—Discharged from Hospitals as Hopeless.

SUFFERED 14 YEARS CURED BY CUTICURA

"From the age of three months until fifteen years old, my son Owen's life was made intolerable by eczema in its worst form. He was all right until a red rash broke out on his forehead, but we were not alarmed at first. Very soon, however, the rash began to spread over his head and shoulders, and it caused him great discomfort. I took him to a doctor and tried half a dozen other treatments, all with the same result: no improvement at all. The disease gradually spread until nearly every part of his body was quite raw. We had to strap him down in bed, for he used to tear himself dreadfully in his sleep. The agony he went through is quite beyond words. No one thought we would rear him. The regimental doctor, a very clever man, pronounced the case hopeless; at least, he said the only hope was that he might, if he lived long enough, outgrow it to some extent. We had him in hospitals four times and he was pronounced one of the worst cases, if not the worst, ever admitted. From each he was discharged as incurable; in fact he got worse under the successive treatments. At one hospital they incased him in plaster, and this seemed to aggravate the soreness terribly. He looked so badly that no one liked to go near him and his life was a burden to him. We kept trying remedy after remedy, but we had got almost past hoping for a cure. Six months ago we purchased a set of Cuticura Soap, Ointment, and Resolvent Pills and persevered with them. The result was truly marvelous and to-day he is perfectly cured, his skin not having a blemish on it anywhere. Mrs. Lily Hedge, 51, Vaughan Road, Coldharbour Lane, Camblewell Green, Eng., Jan. 12, 1907."

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

CASH SHORTAGE OF $100,000,000.

That Is What County May Be Confronted With Says Tawney.

Washington, Jan. 25.—The urgent deficiency appropriation bill occupied the attention of the house Thursday to the exclusion of all other business.

A surprise was sprung when Chairman Tawney of the appropriations committee warned the members that the country was confronted with the certainty of a $100,000,000 deficit unless the estimates for the next fiscal year should be cut down materially.

The urgent deficiency bill carries a total appropriation of $24,074,450.

Mr. Tawney declared that he deemed it his duty to call attention to the necessity of keeping expenditures within estimated revenues. "I do not make this statement for the purpose of exciting alarm," he said, "or for the purpose of exciting any apprehension in the mind of anyone regarding the abilitity of our government to meet all of its obligations now existing or that this congress may create."

Continuing, Mr. Tawney said he had been ultra-conservative in his statement of the financial condition of the country.

Replying to a question by Mr. Clark of Missouri, Mr. Tawney made it plain that there would be no new appropriations this session for rivers and harbors or public buildings for he said his calculations did not include them.

TILLMAN SPOKE ON NEGRO.

Senator Advocated Repeal of the Fifteenth Amendment.

Columbia, S. C., Jan. 27.—Senator B. R. Tillman in an address before the general assembly Friday night advocated the repeal of the fifteenth admendment and the encouragement of desirable immigration as a means to offset, as he said, inevitable negro domination in the states in which the blacks predominate.

He said that with the regular education fund of the several states, coupled with that of northern philanthropists, the negro would soon be able to comply with the constitutional requirements of the various southern states and thus govern where they outnumber the whites.

He believed, from primaries in the north and west, that those sections would help the south to repeal the fifteenth amendment.

SCANDAL IN HIS COURT.

Magistrate Paid "Hush" Money, But Nevertheless Newspaper Squealed.

New York, Jan. 27.—Mayor McClellan has asked for the resignation of Magistrate Otto H. Droege, following a scandal as to conditions in the court over which he presides.

The magistrate admitted publicly that he had paid $250 to a newspaper man to suppress a story which, it is alleged, described lax methods in his court.

After consulting a lawyer, the newspaper man accepted the money through a third person, and then published the fact in addition to the original expose of the court methods.

Why

Should your baby suffer? When he is fretful and restless, don't experiment on him and use any old thing your neighbor recommends. Buy a bottle of White's Cream Vermifuge, greatest known worm medicine and cure for children's diseases. It is mild in its action, builds up the system, makes thin, puny babies fat. Mrs. J. C. Smith, Tampa, Fla., writes: "My baby was thin and sickly, could not retain its food and cried all night. I used one bottle of White's Cream Vermifuge and in a few days baby was laughing, happy and well." Sold by W. W. Johnson.

Gould-Harriman War Ended.

San Francisco, Jan. 27.—The Examiner says that E. H. Harriman and George Gould have ended their war over the rival interests of the Southern Pacific and Western Pacific railroads. It is said that under the peace agreement, the two roads will cease fighting each other and that pending law suits will be settled. This arrangement, it is said, was made this week in New York at a meeting between Messrs. Gould and Harriman.

The Joy

Of living is to have good health. Use Herbine and you will have bushels of joy. You need not be blue, fretful and have that bad taste in your mouth. Try a bottle of Herbine, a positive cure for all liver complaints. E. Harrell, Austin, Texas, writes: "I have used Herbine for over a year, and find it a fine regulator. I gladly recommend it as a fine medicine for dyspepsia." For sale by W. M. Johnson.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

KAISER 50 YEARS OLD.

Unique Art Exhibition Has Been Arranged in His Honor.

Berlin, Jan. 27.—Emperor William Saturday inaugurated the celebration in connection with the beginning of his fiftieth year, which will take place next Monday, his birthday, by opening in this city a unique exposition which has been arranged in his honor. This consists of a loan exhibition of forty masterpieces of British art, with a total value of $3,500,000, at the Prussian Royal Academy of Arts. The pictures were brought especially from England with the consent of the private owners.

The exposition was originally arranged by Professor Kramf, president of the Royal Academy, and Count Seckendorff, but it was only when Emperor William himself manifested an especial interest in the project that some of the owners consented to part with their treasures.

Detectives are watching the pictures night and day and every precaution against fire and damage has been taken.

The exposition will last a month, and during this time the art treasures exhibited will be protected by insurance amounting to $3,750,000.

NEW YORK FOR HUGHES.

This is the Opinion of Representative Parsons.

New York, Jan. 27—Representative Herbert Parsons, chairman of the New York county republican committee, said Friday that he intends to call a meeting of the county committee for next Wednesday afternoon.

"The committee," he said, "should adopt resolutions indorsing Governor Hughes for the nomination for president, and pledging the members to work for an instructed delegation, and also to work for the nomination of Governor Hughes in every way possible.

"There is no doubt now," said Mr. Parsons, "that the New York delegation will be solid for the governor. The delegates at large and the district delegates will be men who will support Hughes faithfully and do their best to bring about his nomination by the Chicago convention.

The Stork at Island Grove.

The home of Mr. and Mrs. H. M. Baker, Island Grove, was brightened an January 12th by the arrival of a fine baby girl.

Just a year ago last December the angel of death entered their home and carried away little Earle, their only child, a bright little boy of fourteen months, leaving them sad and lonely.

We know there will always be one vacant place in their hearts and home, still we hope there is just as warm a place for this little one, and may it be spared to brighten its fond parents' lives, and may they guide its little feet aright so that in the end it will meet Little Brother Earle, who is waiting in his heavenly home for his loved ones on earth.

Gaddie—You don't seem to have made a very satisfactory impression on Dorcas, Cleverley—I tried very hard to do so. Gaddie—Well, he told me you didn't impress him as a man he would care to associate with very much. Cleverley—Fine. That's very satisfactory. It's the very impression I wanted to make.—Philadelphia Press.

AN AGED PHYSICIAN

After Years of Experience Gives the Following Advice:

"If you have anything to do with medicines at all be pretty sure you know what you are taking."

Our local druggist, W. M. Johnson, says this is a strong point in favor of the valuable cod liver preparation, Vinol. Everything it contains is plainly printed on the label, therefore it is not a patent medicine.

Vinol contains in a highly concentrated form all of the medicinal, body-building elements of cod liver oil, actually taken from fresh cods' livers, but with the useless, nauseating oil eliminated and tonic iron, which is a needful constituent for the blood, added.

This is the reason that Vinol accomplishes such wonderful results in curing chronic coughs, colds, bronchial and lung troubles, and there is nothing known to medicine that will so quickly build up the run-down, overworked, tired and debilitated, or give strength and renewed vitality to the aged, as Vinol.

We can only ask every person in Gainesville who needs such a medicine to try Vinol on our offer to return their money if it fails.—W. M. Johnson, Druggist, Gainesville, Florida.

ORANGE HEIGHTS NOTES.

Orange Heights, Jan. 27.—The Truck Growers' Association of Orange Heights had a very enthusiastic meeting Saturday, January 25, at which Joseph Adams occupied the president's chair. President Adams is a faithful and energetic worker and will make a good leader, and the association will accomplish great results if the truckers of Orange Heights will put their shoulders to the wheel and push for better shipping and secure our seed and fertilizers at minimum cost. So let one and all attend the meeting February 8th, 1 p. m., at the Orange Heights school house, and all work together for the interest of the association.

Much Indignation Over Killing of Little Girl at Paint Rock, Ala.

Montgomery, Ala., Jan. 27.—A special from Scottsboro, Ala., says that there is much feeling in the neighborhood of Paint Rock over the killing of a little girl by Alva Sloan, a young white man.

It seems that a group of children were teasing him and he fired his gun in the direction to scare them.

Sallie Counts, aged two years, was in the way and was shot dead.

Man Killed in Shafting.

Albany, Ga., Jan. 25.—At Leary, Calhoun county, James Thrash leaned over the main piece of shafting in the Boyd company's grist mill, and his clothing was caught by the set screws. He was picked up and hurled round four hundred times a minute for several minutes before he could be released. The body was beaten into a pulp. He lived but a short time after the accident. He was highly thought of in Leary.

Commits Suicide In Court Room.

Mobile, Ala., Jan. 25.—Charles F. Groom, a deputy sheriff, shot and killed himself in the county court house here Thursday afternoon. Mr. Groom was attending the law and equity court as bailiff. A shot was heard in an adjoining room and attendants rushing to the room found him dead with a bullet in his head. Mr. Groom served some time as a river pilot, and was later a Mobile business man. He had a wide acquaintance.

ONLY ONE WAY TO RETAIN HEALTH

Young Man with New Theory Says All Depends on Stomach.

L. T. Cooper's theory regarding the human stomach is rapidly becoming a topic of universal discussion. Cooper claims that the human stomach has become chronically deranged by modern conditions, and that sickness generally is the result.

In a recent interview, while introducing his medicine in a leading city, Mr. Cooper said: "There is just one way, in my opinion, to maintain general health, and that is by building up the digestive organs. The vast majority of Americans today have weak, flabby, distended stomachs. This has been caused by many generations of overfeeding and lack of exercise, until today the entire civilized race is affected. This is the true cause of most of the ill health of today. Little can be done to relieve it until the stomach is once more brought back to normal conditions.

"I am successful because my preparation puts the stomach in sound condition, and as I maintain this is the only way to secure general and permanent good health."

Among many prominent people who have recently become converted to Cooper's theory is Mr. R. M. Howey, of 47½ De Russey Street, Binghamton, N. Y., who says: "I had stomach trouble for about six years. After eating, I would become bloated and have a distressed feeling for several hours. This would be accompanied by heartburn, and I reached the point where I could not enjoy my meals at all.

"I tried different remedies in an effort to find relief, but without success. After taking three bottles of Cooper's New Discovery I am entirely cured. My stomach does not bother me in the least, and I can eat anything I like. I can cheerfully recommend Mr. Cooper's medicine to anyone afflicted with stomach complaints."

Mr. Cooper's medicines are making a remarkable record. We sell them.—J. W. McCollum & Co.

Whiskey of Merit

THAT is the only kind we ever distilled and sold. That is why our whiskies sell over and over to the customer who was satisfied with the first order---and continues so---that is why we enjoy the confidence of thousands.

Whiskey is either pure or something else. We select all the grain carefully; use only pure water; age to full maturity in our own warehouses, and insist that our whiskies reach the customer in original packages. This protects us--protects the customer--safeguards our goods from invidious adulteration by middlemen.

Our whiskies have no equal for use in the sick room, being wholesome and tonicy to weak stomachs; they are the best to serve your friends, they will appreciate their purity and enjoy their rich mellow flavor. Amsterdam's Missing Passengers and Crew Safely Landed.

Hook-of-Holland, Jan. 25.—All the missing passengers and crew of the steamer Amsterdam were brought in here safely Friday.

The steamer Amsterdam sailed from Harwich for Rotterdam Jan. 21, with 26 passengers on board. That same night she collided with the British steamer Axminster near Nieuwe Waterweg and sustained serious damage. Her crew and passengers left her in small boats, and all the boats except one were speedily picked up.

The passengers on the missing boat number twenty-one and the crew seven. They were picked up by the Norwegian steamer Songa one hour after they left the Amsterdam in a small boat. Consequently, they suffered no hardship. The heavy fog which has prevailed prevented the Songa from landing and made impossible an effective search for the missing people. They were on board the Songa for two days and a half.

Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional indorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It *will* often *prevent* them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent *free* on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

DATES AND FIGS.

Frugal Fare of the Desert Wanderers of the East.

While journeying across the desert Mrs. A. Goodrich-Freer, author of "In a Syrian Saddle," met a lonely traveler bound for Medeba. On hearing that the caravan was bound for the same place he asked permission to join them. Incidentally he furnished an illustration of the difference between necessities and luxuries.

We were very grateful, says the writer, for coffee and an excellent lunch of sausage, potted meat and jam, with white bread, brought from Jerusalem. We ate our dainties with some sense of guilt, as the newcomer produced his lunch of dates and figs.

Dates and figs, he informed us, were the natural food of desert wanderers, sufficing to the body, stimulating to the mind. The wheat, the flesh, above all the alcohol of civilization, were mere irrelevancies.

Was it not diet such as this—and he waved a pair of sensitive hands over his ascetic larder—which had enabled him to reply to the inquiry of a personage as to how many hours a day he could ride in the desert, "Twenty-four, your majesty, since a day does not contain twenty-five?"

Was it not on a diet of figs and dates that he had ridden sixty hours without dismounting? Was it your meat eater, your wine drinker, who remained sound and wholesome when necessity obliged him to refrain from ablution for twenty-one days?

At this point he carefully counted his date stones, observed that two more were yet due to his appetite and finished his frugal luncheon.

ADMIRAL EVANS' FLEET.

Chileans Will Extend Warm Welcome to American Battleships.

Rio Janeiro, Jan. 27.—The police of this city have gathered up six sailors from the American battleships under Rear Admiral Evans that had either deserted or failed to return on board before their vessels sailed from here three days ago. They will be sent to the fleet on a collier.

A dispatch received here from Valparaiso says that the Chilean squadron which will welcome the American battleships to Chilean waters has arrived at Valdivia. The British cruiser Sappho, which has been on the west coast, is now on her way down to Punta Arenas.

A large party of Chileans has chartered a special steamer and will go out from Valaparaiso to greet the American warships as they pass up the Pacific coast.

Despondent, Woman Takes Her Life.

Cedartown, Ga., Jan. 27—Mrs. G. C. Horsely committed suicide at her home in this city Thursday afternoon by shooting herself. Sickness and despondency is said to be the cause of the rash deed. She leaves a husband and children. The suicide of Mrs. Horsely is the second Cedartown suicide within thirty-six hours. O. E. Marshall, a prominent druggist, shot himself to death Wednesday morning.

RHEUMATISM

BLOOD FILLED WITH URIC ACID

Rheumatism comes from an excess of uric acid in the blood. This acid circulating through the system acts as an irritant to the different muscles, nerves, bones and tissues of the body, and produces the inflammation and swelling of the joints and the sharp, cutting pains characteristic of the disease. When the blood is overburdened with uric acid it continually grows weaker and more acrid, and poorer in nourishing qualities. Then Rheumatism becomes chronic, and not only a painful, but a formidable and dangerous disease. Sometimes the heart is attacked, the general health is affected, and the oils and fluids which lubricate the muscles and joints are destroyed by the acrid matter which the blood is constantly depositing in them; the muscles shrink and lose their elasticity, the coating of the joints becomes hard and thick, and often the sufferer is left a hopeless cripple. S. S. S. attacks the disease at its head, goes down into the circulation, and by neutralizing and removing the uric acid from the circulation and building up the thin, acrid blood, cures Rheumatism permanently. S. S. S. changes the sour, acid-burdened blood to a rich, healthy stream which quiets the excited nerves, eases the throbbing, painful muscles and joints, and filters out of the system the irritating matter which is causing the pain and inflammation. Begin the use of S. S. S. now and get the cause out of your blood so that the cold and dampness of Winter will not keep you in constant pain and misery. Book on Rheumatism and any medical advice free.

Where the finest biscuit, cake, hot-breads, crusts or puddings are required *Royal* is indispensable.

ROYAL
Baking Powder
Absolutely Pure

Not only for rich or fine food or for special times or service. Royal is equally valuable in the preparation of plain, substantial, every-day foods, for all occasions. It makes the food more tasty, nutritious and wholesome.

G. C. Crawford has returned from Evinston, where he has been to install a bath tub and other sanitary improvements for Dr. Evans.

Ten gallons fresh oysters at Reeder's, West Union street. Prices for today only, 40 cents a quart, 75 cents a half-gallon, $1.50 per gallon.

Superintendent Armour of Arredondo, who has charge of the Colson farm, was among those who spent Sunday with friends in this city.

E. B. Godwin has gone to High Springs, where he will look after his extensive real estate and other interests for the next two or three days.

Why They Outsell. Blue Ribbon Lemon and Vanilla Extracts outsell all others because of their absolute purity, great strength and delicious flavor.

W. G. Videon and L. L. Knight, two prominent citizens of Newberry, were in the city yesterday transacting business. They were both pleasant visitors at this office.

The many friends of Miss Cora Lynn will regret to know that this popular young lady is ill with pneumonia at the residence of her cousin, Mrs. W. E. Baker, in East Gainesville.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Electric Oil instantly relieves the pain—quickly cures the wound.

The meeting of the Sunday school teachers of the Presbyterian church will be held at the residence of Mrs. L. C. Smith, North Garden street, at 7:30 o'clock this evening. A full attendance of teachers is desired.

NOTICE!

Have You a

"Universal"

Coffee Percolator?

If not, you should have one—if you like good coffee. Coffee made in it is easily known by its delicious aroma, its fine flavor—you don't get the bitter taste caused from boiling. IT MAKES THE BEST COFFEE because the percolating process is completed before it boils. Operates successfully on any Range, Stove or Gas Stove. Two styles; one price, **$4.00.** Call and see them.

BAIRD HARDWARE CO.

Mount Vernon Lodge No. 20, Knights of Pythias, meets tonight at 7:30 in their Castle Hall over Dutton's Bank. Work in the rank of Esquire. Visiting brothers welcome. J. A. ROBERTSON, C. C.; D. M. TOMKIES, K. of R. & S.

George S. Granger of Waldo, one of the efficient engineers of the Seaboard Air Line, was among those who spent yesterday in this city.

Ferdinand Bayer, secretary, requests those to whom he mailed letter on 18th, to fill out the reply card and mail it to him at once.

Conductor Chas. Furman of the Seaboard Air Line, who makes his headquarters in Waldo, was among those who spent yesterday in this city.

Prof. H. R. Flint of the State University will lecture at the High School Auditorium Tuesday evening, the 28th, at 7:30 o'clock. The lecture will be illustrated. Subject, "A Summer in the Canal Zone."

J. H. Randolph of Leesburg is in the city. Mr. Randolph has been traveling for the celebrated coffee house of Chase & Sanborn, Boston, for many years, and is one of the most widely known and most popular traveling salesmen in the State.

Contractor McMahan has completed the brick-work on the compressor-room at the waterworks plant, and the same has been turned over to the carpenters, and will be completed within the next two weeks. The building will be 21x30 feet.

Among the prominent visitors to this city is W. N. Camp, formerly of Albion, Levy county, where he was extensively engaged in the mining of phosphate, and where he had a nice home. Mr. Camp a couple of years ago purchased fine property in Ocala, and is now making his home there.

Mr. and Mrs. W. B. Taylor have moved into their new home on West Liberty street, where the Taylor family are now pleasantly located. This is one of the most modern homes in this section of the State, possessing all conveniences, and friends of Mr. and Mrs. Taylor congratulate them upon their new possession.

J. W. Patton has returned from Trenton, where he has been for the past few days on business. Mr. Patton states that real estate is on a boom in that section now, many transfers being made recently. Mrs. James Love has sold her plantation near Trenton to Mrs. Jones, and has taken up her home in Trenton.

The Sun is just in receipt of a letter from B. H. Powell, an old Alachua county boy who is now located in Oklahoma City, Oklahoma, in which he says, "I am getting mighty anxious to see some news from dear old Florida, and I know of no better way than to subscribe to The Gainesville Sun. Enclosed find one dollar for which send The Sun to my address."

PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the substance fades."

You can get a picture from locket to life-size at Smith's Studio.
